

Muhammad Numan

Project Manager / Scrum Master / Business Analyst

G1, Johar Town, Lahore | +92 310 4274388 | numanriaz475@gmail.com

PROFILE

Execution-focused Project Manager with 6+ years bridging clients and technical teams across web, mobile, CRM, and automation-driven delivery. Proven track record translating business requirements into technical specifications, managing end-to-end project scope and timelines, and driving client satisfaction through structured status reviews and proactive issue resolution. Hands-on experience with CRM implementations, API/data-workflow integrations, and marketing-automation systems, backed by strong stakeholder management and cross-functional leadership across development, QA, UI/UX, and RevOps-style functions. PMP certification is currently in progress. Based in Lahore and available on-site.

| • Cross-Functional Team Leadership | • Milestone & Timeline Tracking |

EXPERIENCE

Project Manager / Scrum Master

WaxonIT Solutions, Lahore

Dec 2025 – Present

- Coordinate workflows and deliverables across development, QA, and design teams, ensuring milestones, owners, and priorities stay on schedule.
- Act as communication bridge between technical teams and clients, translating business requirements into user stories, technical specifications, and actionable tasks.
- Prepare and lead client-facing status reviews, delivery roadmaps, and performance summaries functioning as recurring account check-ins.
- Support process documentation and requirement traceability records, including data-workflow mapping between internal systems, to keep execution organized and transparent.
- Track project progress and risks using Jira dashboards, flagging blockers before they affect delivery or client SLAs.

Project Manager / Scrum Master / SQA Lead

Visnext Software Solutions, Lahore

Jun 2023 – Dec 2025

- Coordinated cross-functional onsite and remote teams, UI/UX, frontend, backend, mobile, and QA, across multiple concurrent enterprise-level client projects.
- Managed end-to-end delivery from requirement gathering through release, including workflow configuration and system integrations, keeping timelines, budgets, and quality standards on track.
- Collaborated with international clients and Product Owners to define scope, prioritize features, and build delivery roadmaps, identifying opportunities for process and workflow improvements.
- Maintained project plans, sprint schedules, and documentation to ensure transparency and predictable delivery across accounts.

Associate Project Manager / Project Manager

3S Solutions (Pvt.) Ltd., Lahore

Aug 2021 – Jun 2023

- Led cross-functional Agile teams delivering Web, iOS, and Android applications within scope, timeline, and budget for multiple client accounts.
- Worked closely with UI/UX, development, and QA teams on wireframes, user flows, and actionable development tasks, including API-driven data exchanges between modules.
- Managed Jira boards, Confluence documentation, sprint reports, and release notes to keep teams and stakeholders aligned.

Project Coordinator & Solution Designer

Eyrox, Lahore

Jan 2021 – Aug 2021

- Evaluated business requirements and workflows, including integration and data-flow considerations, to support solution development and coordination across teams.
- Supported sprint planning, documentation, and coordination between users, designers, and engineering teams.
- Designed and coordinated a marketing-automation workflow for a TV commercial slot-booking and bidding system, covering scheduling logic, client-facing configuration, and campaign-style rules.

EDUCATION

BS (Computer Science)

University of Engineering and Technology, Lahore | 2016 – 2020

Intermediate of Computer Science (ICS)

Garrison College of Science & Commerce, Muridke | 2014 – 2016
